Dear Hiring Team,

I am writing to express my interest in joining LDK Seniors' Living under the Corporate Services – IT stream. With a Master's degree in Information Technology, over a year of experience in IT support roles, and a Certificate III in Individual Support, I am confident that I bring a unique combination of technical expertise and compassion that aligns with LDK's values of Love, Decency, and Kindness.

In my roles at DotSkilled and InfoxIT, I delivered high-quality technical support to end users, resolved hardware and software issues efficiently, and contributed to maintaining reliable IT environments. Beyond the technical skills, my background in the aged care sector has taught me the importance of empathy, patience, and service excellence—qualities I know are deeply valued at LDK.

I am particularly drawn to LDK's innovative, one-community model and its mission to create vibrant, respectful living spaces for seniors. I am eager to apply my IT skills to support and enhance the systems that empower your care teams and residents.

I would welcome the opportunity to further discuss how I can contribute to your team. Thank you for considering my Expression of Interest. I look forward to the possibility of supporting LDK's continued growth and innovation.

Warm regards,

Ramesh Giri
